- **Kali Linux**
- **Nessus**
- **Burp Suite**

Personal Details

Date of Birth: 28 Nov 2001
Languages Known: English, Hindi and Marathi
Address: Pune, Maharashtra

Profile Summary

Aspiring cyber security professional with a strong foundation in computer applications and hands-on experience with security tools like Wireshark, Metasploit, and Kali Linux. Certified Ethical Hacker (CEH) skilled in penetration testing, social engineering, and malware analysis. Proficient in Python, Java, C++, and web development. Completed projects include a secure e-commerce website and a real-time chatting application. Seeking a role to leverage my skills in protecting digital assets and enhancing organizational security.

Certificate

CEH- certified Ethical Hacker
EC-Council Ethical Hacking Course
  Key Points:
- **Basic knowledge of Cyber Security.**
- **How to install Kali and Metasploit in a virtual machine.**
- **Different types of hacking..**
- **Knowledge of penetration testing and how to protect systems from getting hacked.**
  Knowledge of social engineering, including bank fraud, credit and debit card fraud, phishing emails and links, and more.
- **Network scanning in Linux, including open ports and system version.**
- **Malware, Worms, Virus, Trojan, Ransomware.**
- **SQL Injection.**
- **Cross-site scripting (XSS).**

Academic Projects

E-commerce Website
Tools: HTML, CSS, Javascript, bootstrap

Designed and developed a fully functional e-commerce website using HTML, CSS, JavaScript, and Bootstrap. Implemented responsive UI/UX design principles to ensure seamless user experience across devices. Integrated dynamic product listings, shopping cart functionality, and user authentication. Focused on optimizing site performance and accessibility.

Chatting application
Tools: Java Programming, Java Networking, Socket

Developed a real-time chatting application in Java with features such as user authentication, private messaging, and group chats. Implemented efficient data handling and communication protocols to ensure seamless user experience and optimized for performance and security.

Academic and Extra curricular Achievements

- Participated in Skill India Hackathon, where we developed a Smart Educator application to enhance the education system.
- Participated in a university poster competition aimed at raising voting awareness.
- During my bachelor's degree, I organized college events.
